What we do at The Bible Society of Nigeria

TRANSLATION

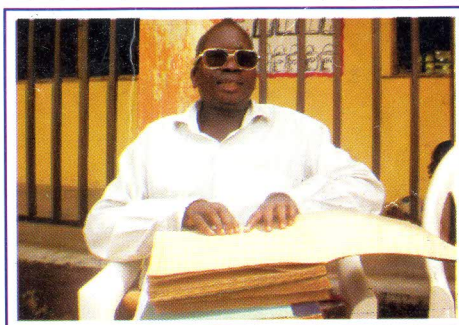

So far we have translated the Bible into 24 Nigerian Languages. We have over 500 Languages in this country, and our goal is to translate the Bible into all known Nigerian Languages. Translation forms one of our core activities at The Bible Society of Nigeria. Currently, we have 10 on-going translation/revision projects at various stages of completion. Translation is time consuming and capital intensive. Usually, an average of 12

years is required to finish the translation of a complete Bible. And in most cases, nothing less than ₦40 million naira is required to successfully execute a translation project.

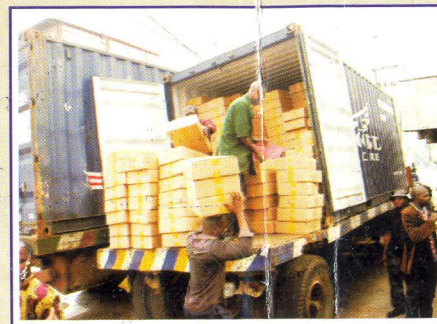

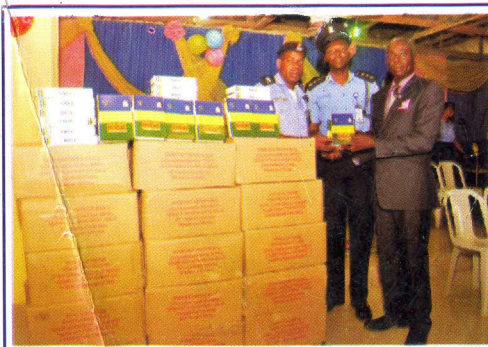

PUBLISHING

We publish the Bible without doctrinal notes or comments, as well as New Testament, Portions and Selection in various Nigerian Languages. So far, the complete Bible is in 24 Nigerian Languages, New Testament in 60 languages, and one book or another in 98 languages.

DISTRIBUTION

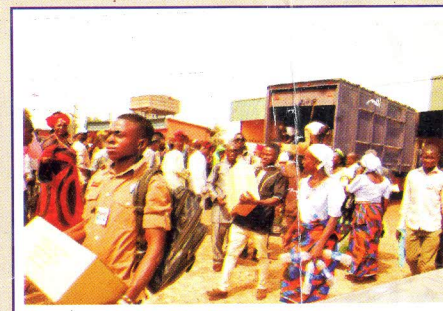

We have consistently make the Bible available at prices people can easily afford, and sometimes free to orphanages, people in difficult circumstances, prisoners, Blind people, prostitutes and drug addicts undergoing rehabilitation, etc.

FUNDRAISING

To ensure that less privileged Nigerians are not denied access to the Bible, we have been involved in raising funds on a massive scale to subsidize the prices of Bibles, and support our translation projects.

Without subsidies, the prices of our Bibles would be considerably high and ultimately out of the reach of an average Bible reader.
