Supporting the Mission

BSN Bibles are high-quality and durable products. By using any of our products, you will be contributing to the fulfilment of our mission of taking the Word of God to every corner of Nigeria, fostering a deeper connection with God through the holy scriptures.

Encouragement for the Faithful

Dear brothers and sisters, the choice you make when getting a Bible for use matters. While pirated copies may offer an initial allure of savings, their lack of quality and durability can detract from your spiritual experience. Piracy undermines people's hard work and is condemned by God and man. Anyone who uses pirated Bibles is guilty of the sin of stealing just like those who produced them. The Bible says, "Thou shall not steal" – Exodus 20:15. God would not and cannot accept stolen items not even a stolen Bible for His worship. A Bible from The Bible Society of Nigeria is an investment in your faith, spiritual growth, and the mission of spreading God's Word across our nation.

When next you need a Bible, choose wisely. Choose quality products from The Bible Society of Nigeria. Let your faith be fortified with a Bible that stands the test of time, just as God's Word stands forever. If you value quality, longevity, and support of God's mission on earth, choose a Bible from the BSN.

Built to Last: The Superior Quality of BSN Bibles

The Bible Society of Nigeria (BSN) is a non-profit, interdenominational Christian organisation established with the mission to break all barriers that make the Bible inaccessible to people. BSN has successfully translated the complete Bible into 27 Nigerian languages so that Nigerians can engage with the Word of God in their languages, fostering a deeper connection and understanding.

The Quality You Can Trust

BSN's core values are integrity, total accountability, and honesty in all transactions. Hence, we are committed to quality products and services, and this is evident in the production of our Bibles. We use high-grade materials to ensure durability, making our Bibles your lasting companion for spiritual growth. Unlike pirated copies, which often have poor print quality and fragile binding, BSN Bibles are designed to withstand the rigors of daily use, becoming a steadfast partner on your spiritual journey.

Combating Piracy

Pirated Bibles not only compromise on quality but also undermine the efforts of organisations like BSN that invest significant resources into accurate translations and durable production. At first glance, a pirated Bible seems like a great deal, however, within a short space, the fragile pages would begin to tear and fall out, the binding would start to fall apart, the cover would lose its luster and the flimsy cover design would soon fade. By choosing BSN Bibles, you will be supporting the ongoing mission to provide reliable and high-quality scriptures to all Nigerians.
